

NetPEO Announces Sponsorship of Local Hockey Team for 4th Straight Year

Lawrenceville, GA – NetPEO announced today that they have become the proud sponsor for a 4th year of local, award-winning hockey team, the Gwinnett Gladiators.

“I’m very pleased to be in a position where I can do something that in some small way gives back to the community, ” stated Layne Davlin, founder of NetPEO. “They are a great bunch of guys, and hockey has always been one of my passions, so it just made sense to try to do something involving them.”

Gladiator's President and General Manager, Steve Chapman, had this to say, “It has been a pleasure not only working with but also getting to know Layne Davlin and everyone over at NetPEO. NetPEO was a charter Corporate Partner of the Gwinnett Gladiators, getting involved with us before we ever even played our first game, and we have grown together over the last four years. Our organizations are very much alike in that our goal is to provide “Major League” service at “Minor League” prices. Their support of our team and our endeavors in the local community has allowed us to continue to bring affordable family-oriented sports entertainment to the people of Metro Atlanta. It is nice to know that an organization founded on the philosophy of providing “big-time” human resource assistance to small and medium-sized companies - without compromising on the quality of that service - can thrive as they have done. This success should be a testament to their business”.

In their sponsorship role, NetPEO receives valuable exposure while simultaneously supporting this local franchise. The Gwinnett Gladiators’ season is currently underway. To view a schedule of upcoming games, please visit www.gwinnettgladiators.com.
